INTRODUCTION

A- Introduction

HADICO TRADING & CONTRACTING COMPANY (HTCC) is a national Qatari contracting company that has been in Construction business in Qatar for more than 34 years. It was established in 1978 as a proprietorship establishment called Hadico Trading and Contracting Establishment.

HTCC business line was mainly construction of high rise building, residential villas including hard finishes and external works. This was along with miscellaneous works.

As there was a need to expand and to enter other construction fields, HTCC was converted into a limited liability local company in 2005, which was called HTCC. Since then, HTCC construction works covered a wider range of projects with the Governmental, Corporate, and Private sectors.

This diversity provided a considerable degree of flexibility in participating in different types of projects and continuously gaining the trust and reaching the acceptance and satisfaction levels of majority of esteemed clients on the completed works.

VISION AND MISSION STATEMENTS

B. Vision and Mission Statements:

Vision:

Our company's vision is to participate in the development of construction industry in Qatar, to continue to fulfill our commitments, and to further enhance our capabilities adhering to the highest international standards of safety and quality.

Mission:

Our company's mission is to provide contracting services of optimum quality by combining our expertise, management capabilities, highly professional systems, state of the art machinery, and high potential to produce quality works that satisfies our clients' needs and meets their desires and expectations.

This is Doha in the mid-fifties. This picture is one of the remaining ones that shows the history of the city, as well as it shows the great and obvious development that Doha had since then. Being a Qatari local company, HTCC vision is to participate in the development of the Construction Industry in Qatar, and to gradually grow and increase its capabilities and resources to fulfill this commitment.

HTTC BUSINESS FIELDS AND AREAS OF EXPERTISE

1. Construction of Buildings:

Construction of various types of buildings forms an integral part of HTCC activities. Among those building types are VIP and prestigious villas, residential villas and complexes, blocks of flats, offices and commercial buildings, labor accommodations, stores and warehouses, workshops, structural steel buildings, sub stations, temporary facilities, and others.

2. Infrastructure Works:

HTCC focus is mainly on Drainage and Sewerage Systems, House Connections, Pump Stations, and various types of pipe laying and connections. This is a major discipline of the company with experienced staff who worked more than 34 years in this field for major construction companies in Qatar.

3. Interior Decoration Works:

HTCC has large experience in all types of interior decoration works for most types of buildings. This covers all types of hard finishes to the building and the exterior, in addition to FF&E works. HTCC has completed several interior decoration projects successfully for major clients in Qatar. A great support is obtained from HTCC own Carpentry and GRC/Gypsum professional workshops.

HADICO TRADING AND CONTRACTING CO (w.l.l)

P.O Box : 8571 – Doha – Qatar – Tel : 44415319 - Fax : 44320721 – hadicoqatar@live.com

5. Plant Hire:

Having its own company garage, HTCC relies on plant hire as another major line of its provided services. HTCC mainly hires tipper trucks, trailers, shovels, in addition to various other excavation, transportation, and demolition equipment and plant.

HTCC philosophy is to achieve maximum efficiency of the owned equipment and plant by carrying out continuous preventive maintenance by HTCC dedicated professional team of mechanics and assistants.

6. Carpentry Workshop:

HTCC carpentry workshop provides services and produces works to HTCC different building and maintenance projects in addition to undertaking direct supply and installation jobs with clients including major construction companies. HTCC carpentry workshop is capable of producing almost all carpentry works required for basic construction, along with all carpentry hard and soft finishes like frames, doors, and the like using different types of timber and applying different finishes.

7. GRC and Gypsum Workshop:

Similar to the carpentry workshop, HTCC has established its own workshop, which is capable of producing a wide range of GRC and Gypsum items for use as in different applications, especially decorative purposes. The workshop is also capable of forming various types of molds using different rubric special durable materials as desired.

8. Miscellaneous Sub Contract Works:

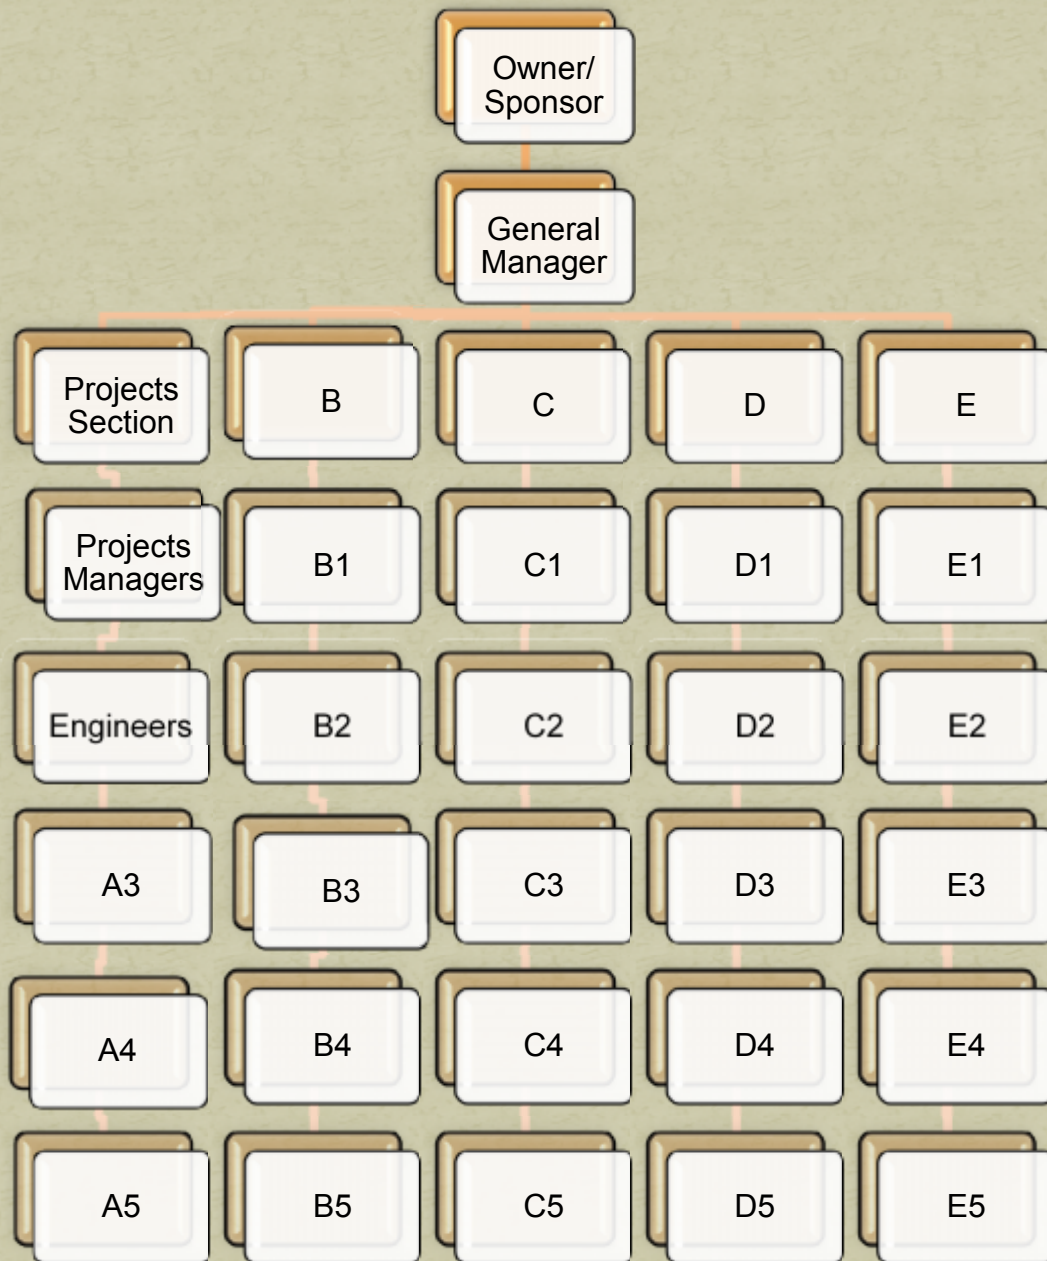

As part of providing a diverse range of services, HTCC also undertakes different miscellaneous works especially for their continuous or returning clients to assure their satisfaction. Miscellaneous works may include earth works, garden and landscape works, supply of certain materials, etc.

HTCC

SECTIONS

F. HTTC SECTIONS :

An integrated organization composed of interrelated sections with defined roles is one of the basic factors in HTCC dynamic and flexible operation. HTCC includes the following main Five

1. Projects Section:

Is the major section of the company, as it resembles a driving motor for the main undertaken activities of building, construction. It is the largest section of the company since almost a hundred individuals of staff and manpower follow it that form real productive human pillars to the company. It includes Projects Managers, Engineers, Safety Officers, Foremen, Supervisors (Foremen Assistants or Right Hands), Craftsmen (Carpenters, Masons, Steel Fixers, Plumbers, Electricians, Painters, Scaffolders, etc), and Labors.

2. Commercial Section:

It is composed of four units; tendering unit, estimating unit, quantity-surveying unit, and procurement unit. Tendering Unit follows a tendering process from the start as of acquiring the targeted tender documents to receiving the results of the same tender. It receives support from the Estimating Unit and the QS Unit for pricing matters. The Estimating and QS Units play a supportive role to the Tendering Unit during tenders, play an essential monitoring, and control role during implementation of the works. Their role also includes Contract Administration and Planning, as an essential support to Projects Section.

3. Finance Section:

Is composed of Accounting Unit and Budgeting Unit. Accounting Unit maintains all book keeping activities, control and monitoring of company's accounts, and salaries and wages process. Budgeting Unit follows up issuance of different types of bank bonds and guarantees in addition to securing any necessary budgeting for larger scale projects.

4. Administration Section:

This section includes the Secretary Unit, Admin Assistants, Purchase Unit, and Stores. The secretary unit includes the central office secretaries and the secretaries and document controllers of the projects at site offices. Administration Assistants includes the company's representatives (mandoubs) and IT clerk. Purchase Unit is responsible for providing all work-consumable and daily supply items to office and projects. It also follows up the Stores of the company.

5. Workshops:

HTCC has three major workshops; The Carpentry Workshop; The GRC/Gypsum Workshop; and The Plant and Equipment Workshop. The Carpentry and GRC/Gypsum Workshops provide work to in house projects as well as direct sale or supply and fix to the market. All HTCC's workshops are located in the Industrial Area of Doha

**STRENGTH
AND
EXPERIENCE
OF HTCC
TEAM**

P.O Box : 8571 – Doha – Qatar – Tel : 44415319 - Fax : 44320721 – hadicoqatar@live.com

G - STRENGTH AND EXPERIENCE OF HTTC TEAM

Although HTCC has been in business for 18 years, the average experience of the senior staff exceeds 25 years, with few of them who has almost completed 40 years in this field in Qatar working for different major construction companies and who has completed major well-known projects in Qatar successfully.

HTCC strength is achieved through several factors. These factors are created mainly through the efficiency of the company's departments and personnel where the ability of HTCC to provide professionals in all departments has brought it to the finest levels between other contractors with similar rank.

Furthermore, this effectiveness has upgraded its performance to be compared with much higher ranked construction companies in Qatar

QUALITY ASSURANCE, QUALITY CONTROL, AND QUALITY POLICY

M. Quality Assurance/Quality Control (QA/QC)

The Company Implements the highest Quality, Health, Safety and Environmental protection standards into every aspect of its operations and encourages employees to implement a work ethic that supports highest standards of Quality in a safe environment to achieve a Zero accident philosophy.

HTTC QUALITY POLICY

HTCC is dedicated to the quality policy that will ensure that its services fully meet the requirements of its customers at all times. The goal of the company is to achieve a high level of customer satisfaction at all times. Commitment to the implementation of supporting managerial and business operational systems is essential to realizing that goal.

HTCC believes in the concept of client and supplier working together in pursuing this policy and in continually striving for improvements in service quality. The quality policy is based on three fundamental principles:

1. Ensuring that we fully identify and conform to the needs of our customers.
2. Looking at our service provision processes, identifying the potential for errors and taking the necessary action to eliminate them.
3. Everyone understanding how to do their job and doing it right first time.

To ensure that the policy is successfully implemented;

- i. Staff are responsible for identifying customer requirements, and ensuring that the correct procedures are followed to meet those requirements;
- ii. Objectives needed to ensure that the requirements of this policy are met and that continual improvement is maintained in line with the spirit of the policy, will be set, determined and monitored at Management Review;
- iii. The quality policy principles and objectives will be communicated and available to staff at all times. Training will be an integral part of the strategy to achieve the objectives;
- iv. We are all committed to operating continuously to this standard and we will maintain the necessary Quality Approvals consistent with our customer requirements;
- v. Our Company will constantly review and improve on our services to ensure tasks are completed in the most cost effective and timely manner for the benefit of all our customers.

HEALTH AND SAFETY POLICY

N. Health and Safety Policy:

The Health & Safety Policy of HTCC states that Hadico Company (HTCC) is committed to providing work places which are safe, healthy and friendly environments where safe working practices are insisted upon. We want everyone to encourage responsible behavior and to contribute positively to seeking safer and more productive ways of work. The company believes that there is no other function within the organization that has greater importance than the management of health and safety. It is our policy to provide:

- i. A place of work, systems of work and plant that are safe and do not create a risk to the health, safety and welfare of our employees, independent contractors, members of associated companies and the general public, so far as it is reasonably practicable to do so.
- ii. Appropriate information, instruction, training and supervision for all employees.
- iii. The allocation of sufficient resources to enable the health and safety policy to function effectively.
- iv. Specialist health and safety managers/advisors whose duties include monitoring on-going health and safety performance and providing advice in connection with establishing a healthy and safe place of work.
- v. Regular consultation with employees, contractors, trade union representatives, the Health and Safety Executive, Environmental Health Officers and other relevant organizations.
